A NEW REMEDY.

GAUTIER'S HERB DROPS. For Coughs, Colds, Bronchitis, Asthma. THIS invaluable preparation has the extraordi nary property of immediately relieving coughs colds, hoarseness, difficulty of breathing, bronchitis, asthma, and huskiness of the throat. It operates by dissolving the congealed plegm, consequently causing a free expectoration.

Those who are troubled with that unpleasant tickling in the throat, which deprives them of rest night after night by the incessant cough which it provokes, will, by using this remedy, find immediate relief. These drops are composed of six simple ingredi-

ents, principally of herbs, which are known to be very efficacious in the cure of diseases resulting from colds. They have been prepared at the sug gestion of one of our most eminent physicians, and have been used by many of his and my personal friends with signal success, and at whose earnest so-licitation I have been induced to enter largely into their manufacture; assured by him and them that. when generally known and tried, they will supercede all the various cough can'ty mixtures now in

As for myself, I am confident, from the ingredi ents of which they are composed, that, should they ct on entire cure, they can do no injury even to the most delicate in health, and therefore have no hesitancy in introducing them to the citizens of Washington and vicinity.

Prepared by J. L. KIDWELL, Chemist, George

The estimate that is now seconded this preparation by the medical profession and by others com-petent to judge of its merits, may be seen in the fact that it has been prescribed by many of our most eminent Physicians in this country, and has attracted the attention of a celebrated profession of the Edinburg College, Scotland, by whom it has been successfully used in a career of an aggravated

J. L. Kidwell—Dear Sir: Some three months ago, through the agency of Col Smith Miller, our representation in Congress, I had purchased of you, for the use of my taker in Scotland, one dozen Bottles of Beech Drop or Cancer Preparation. I have a let-ter from my brother, stating that the physician de-sires you to forward another down buttles. He thinks under its use the disease is arrested. I may add that my father has tried every physician of distinetion in Scotland and England, including Professors of Edinburg and Collieges, without relief. The disease was of three years standing, began in the right cheek, which is partially consumed. He was a sufferer with constant pain, which has entirely

July 13th, 1854 Dear Sir-With great pleasure I inform that your preparation of Beech Drop has accomplished for me what I thought beyond the reach of human agency. For the last twelve years I have been afflicted with Scrofula of a Camerous form. So extensive was the ulcers and so herrible my appressance that my case became notorious with all the Faculty in this and the adjoining counties—in fact I had obtained the best medical aid in our State, without any abate ment of the disease. Through a friend I procured a half dozen bottles of your Beech Drap, after using it, so perfect was the cure, that hundreds visited me. My desire is to benefit my fellow man; with that purpose I beg all afflicted with Scrofula in any form Buclosed you will find an order from some friends
